

Grace Kim

■ grace.kim@example.com · ■ (555) 948-2210 · ■ Seattle, WA

Profile

Bioengineering graduate with hands-on experience in GMP, Python and Six Sigma.

Work History

Upstream Process Intern, Cascade Biomanufacturing

Jun 2025 – Sep 2025

- Scaled a cell culture process from shake flask to 50 L bioreactor under GMP
- Applied Six Sigma DMAIC and Minitab to cut media prep errors by 40%
- Drafted SOP updates for single-use bioreactor setup

Peer Mentor, Puget Sound Polytechnic

Sep 2024 – Jun 2026

- Mentored 10 first-year engineering students

Education

Puget Sound Polytechnic

Seattle, WA

Bachelor of Science, Bioengineering

Jun 2026

Selected Projects

Python Batch Record Checker

- Parsed electronic batch records in Python to flag missing signatures

Skills & Certifications

Bioprocess: GMP, bioreactor, cell culture, SOP

Languages: Python

Quality: Six Sigma, Minitab
