

# Kenji Watanabe

■ kenji.watanabe@example.com · ■ (555) 254-9087 · ■ Wichita, KS

## Profile

Aerospace Engineering graduate with hands-on experience in MATLAB, Simulink and CATIA.

## Work History

### Flight Test Intern, Heartland Aerostructures

May 2025 – Aug 2025

- Built LabVIEW data acquisition for wing load tests
- Post-processed strain data in MATLAB and compared it with ANSYS predictions

### Undergraduate Researcher, Prairie Wind University

Sep 2024 – May 2026

- Modeled a quadrotor control loop in Simulink

## Education

### Prairie Wind University

Wichita, KS

### Bachelor of Science, Aerospace Engineering

May 2026

Cumulative GPA 3.05/4.00

## Selected Projects

### Composite Wing Spar

- Designed a carbon spar in CATIA and tested it to failure

## Skills & Certifications

Languages: MATLAB, Python

Design & Manufacturing: Simulink, CATIA, ANSYS, LabVIEW
