

Kenji Watanabe

Get in Touch	■ kenji.watanabe@example.com · ■ (555) 254-9087 · ■ Wichita, KS	
Profile	Aerospace Engineering graduate with hands-on experience in MATLAB, Simulink and CATIA.	
Work History	Flight Test Intern, Heartland Aerostructures • Built LabVIEW data acquisition for wing load tests • Post-processed strain data in MATLAB and compared it with ANSYS predictions Undergraduate Researcher, Prairie Wind University • Modeled a quadrotor control loop in Simulink	May 2025 – Aug 2025 Sep 2024 – May 2026
Education	Prairie Wind University Bachelor of Science, Aerospace Engineering Cumulative GPA 3.05/4.00	Wichita, KS May 2026
Selected Projects	Composite Wing Spar • Designed a carbon spar in CATIA and tested it to failure	
Skills & Certifications	Languages: MATLAB, Python Design & Manufacturing: Simulink, CATIA, ANSYS, LabVIEW
